4. SUPPORTING TECHNICAL RECORDS

Exhibits A-13 and A-14 comprise (i) the monthly progress reports certified by the site engineer and (ii) the safety and labour compliance register maintained by the claimant. These records substantiate continuous and due performance of the works through December 2025, contradicting any suggestion of abandonment or defective performance of the certified items.

5. CERTIFICATE

I, R. R. Kolhe, confirm that the documents enumerated above are true copies of the originals maintained in the ordinary course of business of the claimant, and that the certified bills were prepared and certified in accordance with the contract.
